OUR COMMUNITY:

U.S. Figure Skating is dedicated to fostering a culture of belonging and community that is welcoming for all individuals. We are committed to championing diversity, equity, and inclusion, and understand its value in combating discrimination and challenging inequalities necessary to develop champions both on and off the ice. We are actively working toward developing equitable practices and policies that foster safety and empower all individuals to authentically pursue their unique path in all areas of our sport. We stand firmly on the belief that our members are the most important asset to our organization and that our differences are meaningful and strengthen our sport. We believe that skating is for everyone.

NON-DISCRIMINATION:

- U.S. Figure Skating commits in policy, principle, and practice to sustain a non-discriminatory approach on and off the ice for all members. We strive to provide equal opportunity for all, despite their varied backgrounds, experiences, and identities, and want all members to feel valued and respected at every level of the organization. U.S. Figure Skating’s SkateSafe® Program receives, investigates, and addresses allegations of discrimination or harassment throughout its membership and the organization. Please refer to the [SkateSafe® Program Handbook](#) for further definition of harassment, discrimination, and abuse.

- By attending this event, all participants are willingly committing to upholding U.S. Figure Skating's Code of Ethics (*GR 1.01*) and Code of Conduct (*GR 1.02*), as detailed within the [U.S. Figure Skating Rulebook](#).
- To report a concern of discrimination or harassment to U.S. Figure Skating, please visit www.USFigureSkating.org/SkateSafe or email SkateSafe@USFigureSkating.org

COMPLIANCE:

For full details about participant compliance requirements, refer to the U.S. Figure Skating SkateSafe® webpage: <https://www.usfigureskating.org/skatesafe#compliance>

COACHES

To be an eligible coach at a nonqualifying competition, coaches must meet the applicable compliance requirements and be verified by U.S. Figure Skating. Coach compliance falls into two categories: Coach Compliance (includes choreographers) and Learn to Skate USA® Instructor Compliance. Details regarding compliance requirements can be found [HERE](#). All compliance requirements must be met at the time of check-in to access the competition, no exceptions.

Coaches of foreign athletes: If you are a coach of a foreign athlete only, you are not subject to U.S. Figure Skating coach compliance and will only be asked to provide a letter of good standing for the federation your athlete represents.

With EMS, coaches must be included within a skater/team's registration or updated through their EMS Skater Portal via "[My Coaches](#)" or "Team Personnel." All coaches declared at the time of registration will be included on the registration confirmation email. Note: There is no registration approval process within EMS as the data (membership and test level) is tied to the U.S. Figure Skating database. Non-compliant coaches will receive automated email reminders through the start of the competition.

EMS Coach Resources (not SYS or TOI):

- [My Competitions](#)
- [My Skaters](#)
- [Coach Schedule](#)

REFUND POLICY:

No refunds will be granted under any circumstances after the registration deadline closes, including medical, unless the competition or an event is canceled. Online processing fees are non-refundable. Payment of any fees will be required before the skater is allowed to participate in practice ice or events. No refunds will be given if the schedule is modified. Please plan travel accordingly. Events may be held anytime during the dates of the competition.

ELIGIBILITY/TEST LEVEL:

Singles: Excel and Well-Balanced Events:

- Skaters must meet at least the minimum singles test requirements for the event's level. A skater's singles test level may be higher than the minimum requirement.

- Skate Up: skaters may skate up one level higher than their minimum test requirement allows. If a skater wants to be in contention for the Championship Trophy, they must compete in a Short and Long Program at the same level.
- Skaters may not register for an event level lower than allowed by their competitive floor. An athlete's competitive floor is set by one of the following scenarios:
 - If an athlete has a paid EMS series application for the NQS series, the event level registered for in the most recent NQS will become the lowest level they may compete at in any U.S. Figure Skating-sanctioned event.
 - If an athlete has a paid EMS series application for the Excel Series, the event level registered for in the most recent Excel series will become the lowest level they may compete in any Excel event. For Well-Balanced and Specialty events, the skater will be permitted to register at one level lower than the "floor" set by their Excel series entry.
 - If an athlete has never had a paid EMS series application in the NQS or Excel series, the athlete may select their level based on their goals and technical skills as long as the minimum test requirements are met. (Note: if an athlete has passed the pre-preliminary singles test, they are no longer eligible for No Test or lower levels).
- Skaters are not permitted to enter an Excel free skate and a Well-Balanced free skate event at the same competition (example: Juvenile Girls Free Skate and Juvenile Girls Excel Free Skate). However, they are permitted to enter an Excel and a Well-Balanced event of different types, such as a short program (if stand-alone event option), specialty or showcase events (example: Intermediate Women Short Program and Intermediate Women Excel Free Skate).
- For more details about establishing event levels, refer to the information sheet [HERE](#) or email events@usfigureskating.org.

All other singles (such as Adults):

- Skaters must meet the minimum test requirements for the event's level, but not exceed the maximum permissible test requirement. We will not be accepting requests for adult skaters to skate in Excel or Well-Balanced Events. Adult Skaters will compete in designated adult events.

Test Level: Excel Series attendees must be on the desired level by March 1st, 2026.

Age restrictions/requirements: Singles free skate events (well-balanced program) have the following requirements:

Juvenile Girls: 12 years or younger; Boys: 13 years or younger,
 Open Juvenile: Girls – 13 years or older; Boys – 14 years or older,
 Adults must be 21 years or older. Adults may not register in Excel Events

Skaters entering pre-juvenile and lower events will be divided as closely as possible by age, should the number of entries warrant more than one group.

Adult events:

Age classes for all free skate, dramatic entertainment, and light entertainment events:

- Young Adult: 18 years through 20 years
- Class I: 21 years through 35 years
- Class II: 36 years through 45 years

All age classes may be divided or combined depending on the number of entries and at the discretion of the chief referee and/or the competition committee. Men and ladies will be combined in Adult 1 through Adult Bronze free skate events (based on the [Adult Competition Series rules](#)), athletes in Adult Silver and higher free skate events with no competitor of the same gender in another age class will be offered the opportunity to skate an exhibition for first place, skate up to the next higher level (if this provides a competitor) or be issued a refund.
